### **A New Year with New Beginnings!** By: Tanner A. Nystrom

I hope that each and every one of you had a joyful holiday season and a happy new year! As we look forward to 2020 and many good things to come, I would like to highlight some notable developments within our police department staff. The month of December brought with it many changes:

First, after more than 35 years of service, Officer Gary Sandridge submitted his letter of intent to retire from our department. Gary dedicated his life to service of the village and his long career here is a testament to the commitment and camaraderie that we seek to maintain indefinitely. Gary's official retirement date was on January 2nd and we plan to host a retirement party for him on January 24 at the Village Center 1:00pm-3:00pm – we encourage all to come and celebrate Gary's retirement with us!

Second, Police Records Clerk, Kate Merlin left our department to continue her academic and professional pursuits as a Physician's Assistant. Over the past five years Kate proved to be instrumental in our department's success by providing outstanding administrative and support services. She consistently provided timely, accurate, and effective support; as well as, improved internal processes and procedures. We are sad to see Kate go, but wish her all the best in her future endeavors.

Third, we hired Officer, Trevor Lee to work full-time with our department. Trevor worked for us part-time for the past two years while he proved himself to be competent, selfless, dedicated, and adaptive – all leadership characteristics that we strive to attract and cultivate among our police officers. He is a model candidate as we continue to seek out, develop, and recruit high caliber individuals and build future generations of our department. We are proud to welcome Trevor to our family.

Fourth, after almost 9 years of exemplary service to our village, I had the distinct pleasure of promoting K-9 Officer, Kyle Dabbs to the rank and billet of Operations Sergeant. Over the course of his career with us, Kyle proved himself to be a natural leader, a selfless teammate, and competent beyond his years of experience. I trust in his abilities and look forward to the many contributions he will bring to our department, our office, and our community in his new role.

Finally, I accompanied members of our village staff and elected officials as we welcomed two new part-time police officers to our family. Officer Javier Salazar Jr and Officer Jordan Steiner achieved the notable accomplishment of graduating Madison College's 141st Law Enforcement Academy. We are proud to have Javier and Jordan start their law enforcement careers with us and we anticipate a bright future for both young men.

With all of aforementioned personnel changes in mind, I would like to close by extending my sincerest gratitude to all of you – village residents and staff – for your support over the past month. December proved to be a remarkable affirmation of my choice to come work for and among you. We have an exceptionally supportive community and dedicated staff that make public service a most rewarding professional calling. Those of you whom I have had the fortune to meet and work with thus far have made me feel accepted, at home, and among friends – I am humbled by the fact that I serve such an exemplary community. Thank you and I look forward to the coming year!

Tanner Nystrom, Javier Salazar Jr, Jordan Steiner, Jay Sugden

**New Year:** By: Tom Schroeder

Here we are welcoming not only a new year by retiring the old, we are also welcoming a new decade as well; 2020! I do remember when my eyesight was good, but alas, my “vision” has succumbed to the march of time. Hopefully we have made the best of this past year and have positioned ourselves for a successful start with the new year. Best wishes to you and yours.

To say the least, 2019 was a very challenging year for the public works department. We did not necessarily have more to do than any other year. We did keep up with weekly services and accomplished all of our seasonal chores and activities as well. What made it so challenging was the oscillating weather patterns that seemed to deliver extreme conditions all year long.

The activity that was impacted the most would be in the tree care/tree removal area. We did not get the number of targeted ash trees removed this year that I had planned. If the weather provides an extension of mildness that we have experienced of late, we should be able to get back on track. Although it seems to be a never ending need to address trees that are demonstrating poor vigor or structural integrity and need extreme pruning or removal.

The first month of winter failed to provide us with a white Christmas, but it appears that there will be a chance to have snow on the ground before New Year’s Eve. I will fully expect that the winter season will have plenty of snow and cold and everything in between for us to deal with. That being said, please be good neighbors and place snow on your own property and not onto neighboring terraces or parkways and definitely not in the street! Please remember to place all collectable materials on the terrace or your driveway apron.

I have a couple of requests of you. The first would be to consider turning on porch lights or your entrance lights from dusk to dawn. I have noticed how much of a difference it makes around the homes that currently have lights on during hours of darkness along the areas in-between street light placements. An example is at the Dailey Cabin, I placed dusk to dawn LED bulbs in the exterior fixtures and left the switch on. Each bulb has a sensor of its own that made it so easy and has made an incredible difference in illuminating what was a very dark and shadowed structure.

The second request is that you service and calibrate your water softener for the highest level of efficiency. If your softener is 10 years or older, consider a new one. The efficiency of new models will pay for themselves in a few years. Even if your unit is relatively new, calibrating it will optimize its performance. MMSD (Madison

Metropolitan Sewerage District) claims that inefficient softeners are responsible for more than half the salts that end up going down the drain and end up at their treatment plant.

Have a great New Year and I’ll see you on the streets of Maple Bluff!

**Call us with your questions and concerns.**

## Fire Rescue Dept

**Response Data:** At the time this article was submitted, the Maple Bluff Fire Rescue Department responded to 117 emergency calls for service with an average response time of 4.08 minutes (dispatch to on scene) in 2019.

**Heating Safety:** There is something relaxing about the winter months and curling up with a good book by the fireplace... Unfortunately heating equipment, including chimneys, are one of the leading causes of home fires and injuries. By following a few simple safety tips and taking precautions you can help prevent most heating fires from occurring. Be warm and safe this winter!

Keep anything that can burn at least three-feet away from heating equipment, such as the furnace, fireplace, wood stove, or portable space heater.

Have a three-foot “kid-free zone” around open fires and space heaters.

Never use your oven to heat your home.

Install and maintain a carbon monoxide detector on each level of your home.

Have a qualified professional install stationary space heating equipment, water heaters, or central heating equipment according to local codes and manufacturer’s instructions.

Have heating equipment and chimneys cleaned and inspected every year by a qualified professional.

Remember to turn portable heaters off when leaving the room or going to bed.

Always use the right kind of fuel, specified by the manufacturer, for fuel burning space heaters.

Make sure the fireplace has a sturdy screen to help prevent sparks from flying into the room. Ashes should be cool before putting them in a metal container. Keep the container a safe distance away from your home.

Test smoke alarms at least once each month.

**Pancake Breakfast:** The Maple Bluff Fire Rescue Association is holding its 14th annual pancake breakfast on Sunday, January 12, 2020 from 8:00 a.m. until 11:00 a.m. The event will take place in the gymnasium at the Village Center, 18 Oxford Place, Madison, WI 53704. We hope to see you there.

The poster features a collage of Maple Bluff Fire Dept logos at the top. Below is the text: **Pancake Breakfast**, *Sunday, January 12<sup>th</sup>, 2020*, *8:00 a.m. - 11:00 a.m.*, **Maple Bluff Firehouse ~ 18 Oxford Place**. A central image shows several plates of pancakes. A red text box contains: **-All you can eat pancakes, bacon, sausage, and eggs-**, **-Coffee, Orange Juice, Milk-**, **Suggested Donation of \$7.00**, **-Meet your local firefighters & EMTs-**, **-Firehouse Tours ~ Fire Safety Information-**. At the bottom is the website **www.mapleblufffire.com**.

**Keep Your Hydrant Clear:** Once snow begins to fly, please be sure to shovel around the fire hydrant near your home. Firefighters rely on fire hydrants as a source of water when fighting fires. If the hydrant nearest your home is covered with snow, emergency responders waste precious time shoveling, or worse, can’t locate it at all. A fire can double in size every twenty seconds, so being proactive by clearing the snow from around your fire hydrant could mean the difference between life and death for you or someone you love.

The graphic shows a red fire hydrant in a snowy environment with snowflakes. A red double-headed arrow below the hydrant indicates a **3 feet** clearance zone. To the right, the text reads: **Keep snow and ice 3 feet away from fire hydrants.** Below this, it says: **In case of fire, firefighters need to be able to get to the hydrants quickly to protect people and property.**

## Shop With A COP By: Jessie Knops

On Sunday, December 8th, 2019 the Maple Bluff Police department joined Dane County in the 19th annual Shop With A COP community program. Each child was paired with an officer who donated a day to make sure they had a wonderful experience.

That day started with a ride in a squad car, a \$200 Target gift voucher, wrapping gifts together, followed by pizza and finally, a ride home. Ninety-four children and police officers from Dane County participated in this event.

We have an outstanding police department that is always caring and willing to go above and beyond what is required of them. Like our community, our officers are a truly unique set of people. We are all fortunate to have them looking out for us.
