 WE are WISCONSIN

We Continue to Strive!

By Tanner A. Nystrom

The village is always a beautiful place in the month of August! In addition to gatherings and family activities, we hope that our parks, community programming, and special events help generate memorable experiences for all of you. As always, staff are focused on supporting these services and many more as we plan for the future of our team - we constantly evaluate how we can continue to meet the expectations of our residents. Despite the staffing and labor challenges we have experienced, we continue doing the best we can to keep the village a safe and beautiful home. I am very happy to see the progress we have made and standard of life we can support with our small team and supportive community. We will always strive to deliver exemplary public services!

On that note, I am very pleased to introduce the newest member of our Public Works Department, Brendan Olson! Brendan recently accepted an offer to join us as a full-time team member and started the onboarding process in July. In his short time with us, Brendan has already distinguished himself as a hard-working young man and good fit for our team. Brendan brings a positive attitude and wide base of knowledge that is customary in our Public Works' culture. Under the tutelage of our Public Works Director, we anticipate Brendan will adapt and thrive in his new environment. We are very glad to have him with us - Welcome to Maple Bluff, Brendan!

In addition to the recommendations you will find later in this newsletter from our Citizens' Safety Committee, please remember how you can help our Police Department maintain safety throughout the neighborhood. Please report non-emergent concerns to Dane County Dispatch at (608) 255-2345 and continue to dial 911 for emergency situations. The dispatchers at Dane County are professionally trained to gather the precise information our public safety professionals need to respond to situations quickly and effectively. I also encourage you to notify us when you travel out of town or have overnight visitors by filling out a vacation request and submitting overnight parking requests. Our request forms can be found on the Police Department page of our Village website (www.villageofmaplebluff.com). Effective and timely communication can make a significant difference in our ability to respond quickly and deliver public services effectively. I sincerely appreciate everyone's assistance in keeping our village safe.

Finally, as we embark on the second half of 2023, we continue to seek ways to improve the experience and value of our community. Staff and I are very appreciative to work for a community who supports us and values our contributions.

My leadership team will continue to address the dynamic challenges presented to us, and among our top priorities are to attract and retain the great people who serve our residents! An organization is only as good as the people it is composed of - we will continue to find and keep individuals who demonstrate our values and find purpose in our mission. Thank you all for your support and continuing to look out for one another.

Sincerely,

Tanner A. Nystrom

We weren't satisfied hearing other doctors and specialists say *'this is something you have to learn to live with'* or *'this is just part of getting older'* or even *'this is the best we can do for you'*.
 - Jaime Irving, LAC & Andie Algar

Do you ever wonder what makes some doctors so compassionate while others offer bedside manner like an AI Chatbot? **For the team at Remedy Acupuncture, our work comes from a place of true empathy.** We found our own paths to acupuncture through its incredible healing abilities. We weren't satisfied hearing other doctors and specialists say *'this is something you have to learn to live with'* or *'this is just part of getting older'* or *'this is the best we can do for you'*.

Remedy Acupuncture is known for our unique approach to care, utilizing time-tested Eastern medicine with modern, scientifically proven Western approaches. A true blend of integrative medical care. We specialize in complex, chronic, and seemingly hopeless cases like:

- Chronic Pain
- Fibromyalgia
- Peripheral Neuropathy
- Postherpetic Neuralgia
- Reproductive Health
- Trigeminal Neuralgia

Newsletter from the Department of Public Works - August 2023

The drought is not over, so please give your young trees and shrubs some love and water them a couple times per week. Even the older trees could use some help. For the most part grass will rebound.

As a department we pride ourselves on the level and frequency of our collection services. They are founded on taking care of the DIY resident, not for contractors. We will collect what a resident places on the terrace of their own efforts, but contractors are responsible for the debris they generate. Please think before placing materials, be sure that they are not co-mingled and that they are on the terrace and not in the street. We cover the entire village every week, less storms and Thanksgiving, so there is not the chance of killing grass. Also understand that we do not back track once we have been through the village with our equipment.

It took some time for us to finish the asphalt patching on Farwell from Lakewood to Summit. I'm sure too long for some. Hopefully the patches and pea gravel overlay will extend the life of the road many years. The contractor Scotts Construction will be using the Madison specifications for the overlay that should take place in early August. I am expecting a better product this year as the sweeping will take place on the same day as application.

Please have a discussion with your service providers that they can and should use your driveway if possible and if not, they should park to take up the smallest footprint practical, using one side of the road instead of both. Our roadways are fairly narrow, and the mindset of contractors is what's easy and not necessarily what's best for the conditions.

We will be challenging contractors and service providers regarding Permits to obstruct right of way. There will be a lengthy learning curve as educating will take time and effort. Keep in mind that the road and a portion of the terrace is right of way. The road should not be considered part of the project zone. Before the road and terrace are utilized as such you will need a permit.

We have a couple of stormwater pipes to work on. One is on Fisk and 2 others are on Kensington.

The Bridal Wreath is on our list of to do's.

Tree removal and trimming will continue most of the year.

There is plenty of summer left to enjoy all manner of outdoor fun and excitement, as well as, projects and just good 'ol hanging out or grilling out.

Get out there and do it!!!

Fire Rescue Department By Kristopher Loy, Fire Chief

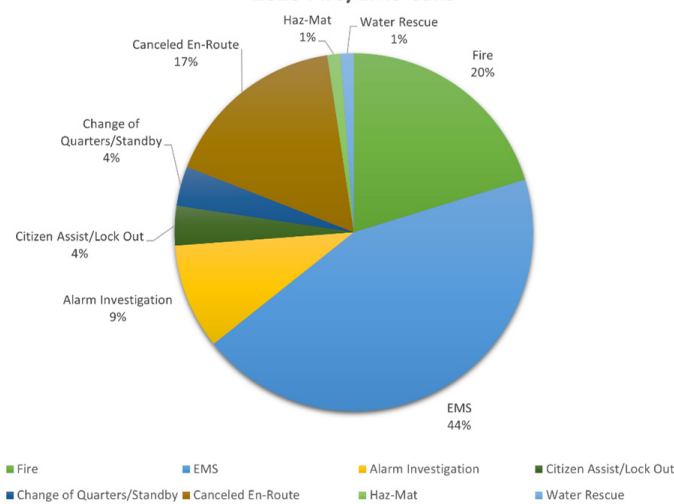

Response Information:

The Maple Bluff Fire Rescue Department (MBFD) has responded to a total of 84 calls for service in 2023.

The MBFD's new ambulance has responded to 27 emergency medical calls which resulted in 14 patients being transported to area hospitals since going into service March 1st, 2023. Our Fire and EMS crews have an average response time within the Village of 4 minutes (from the time we're notified to our arrival on scene).

2023 Fire/EMS Calls

Recent Notable Calls:

On July 6, 2023 our department responded to a grill on fire next to a home on Coleman Road in the Village. The grill's fuel source was a plumbed, direct line, into the house's natural gas and was fully engulfed upon arrival. Our crew was able to isolate the gas line and extinguish the fire within minutes of arrival. A faulty hose/adaptor leaking natural gas was determined to be the cause of the fire. Thankfully nobody was injured during the incident. The grill was a total loss and damages are estimated to be approximately \$1,000.00.

Visit to Camp Ya-Gotta-Wanna:

The Maple Bluff Fire Rescue Department paid a visit to Camp Ya-Gotta-Wanna on July 20th, 2023. Our firefighters and EMTs talked to the kids about fire safety and showed them our equipment and apparatus. Following our safety presentation, the kids enjoyed a run through the best sprinkler in town.

Fest on the 4th:

The Maple Bluff Fire Rescue Association would like to extend their sincere appreciation for everyone's support on the 4th of July. The Fest on the 4th is their largest fund-raising event of the year. This year, they raised over \$2,000.00 to be used for educational opportunities for Fire/EMS Department staff.

On July 12, 2023, our department responded with an engine to a multi-alarm fire in the 4600 Block of Baxter Rd. in the Town of Cottage Grove. The home was fully engulfed upon arrival of the first fire apparatus. Our crew assisted with a safety officer and fire suppression for the incident. The home was a total loss with an estimated value of approximately \$350,000. During the fire incident, a person with fatal injuries not caused by the fire was located on scene. The Dane County Sheriff's Office is investigating and will issue a statement at the conclusion of their investigation.

NOTICE OF PUBLIC HEARING

VILLAGE OF MAPLE BLUFF
18 OXFORD PLACE, MADISON WI
MONDAY, AUGUST 14, 2023 5:00PM

PLEASE TAKE NOTICE that the Village of Maple Bluff Plan Commission will hold a public hearing on the above date and time in-person and via Zoom. To obtain Zoom participation information, please contact the Maple Bluff Village Center, 608-244-3048 or info@villageofmaplebluff.com.

The purpose of the public hearing is to receive public comments on proposed changes to the ordinance language in Section 225-43 Land Conservancy District of the code of the Village of Maple Bluff. A copy of the proposed revised ordinance sections can be obtained from the Village Clerk. All interested parties are invited to participate in the hearing and provide comments. Summer Recap By Ellen Reyerson, Parks Chair

Greetings, Villagers! As summer winds down, I'd like to recap some magical moments from the past few months! We started the season with the Annual Bocce Bash and Auction. Over 200 villagers attended this fun event -- we bowled bocce balls, we bid on bocce parties, and we blasted our previous record of GMC (gallons margaritas consumed); 43 gallons of Pedro's margaritas were consumed. More importantly, we made over \$40,000 for our upcoming Johnson Park renovation -- we look forward to putting in a ball field backstop, adding sidewalk space, and replacing the playground! Big thanks to auction co-chairs Trish Grant and Sarah Shah who finished up their last year as hometown heroes in this big job. You leave big shoes to fill!

Moving on to mid-June, we got to see our Bluff dads march in the Annual Father's Day Parade. Coffee and flasks in hand, they marched bravely up Lakewood Boulevard, flanked by dogs, kids on bikes and the garbage truck. We couldn't have been more proud! After throwing this year's "new dads" in the crystal-clear waters of Lake Mendota, we enjoyed a feast of bagels, juice, and iced coffee. Big thanks to our village police, fire and public works staff who drove their vehicles in the processional -- we so appreciate it!

Finally, we got to the highlight of summer -- our beloved Fest on the 4th! We started the day with our 5K -- perhaps 7/3 was a big day of pre-partying, because turnout at the race was low :(James Bickers, even though we knew you'd win -- we still wanted you to come! Since my smack talk scared him off, youngster Collin Fisher took the #1 spot on the podium this year. Second place went to Ryan Dow, who shaved several minutes off last year's time by not having to push a jogging stroller this year. Speaking of strollers, Phil Hausmann had a very respectable finish time of 25:34 while pushing a single stroller, and Henry Aschauer came in two seconds behind Phil at 25:36 while pushing a double BOB. Way to go, dads! Two more Fullers Woods dads competed against each other, with Johnny Walsh just barely beating out his brother-in-law Jeff Olsen. Johnny also came in 3rd place overall! Now let's move on to the women in this race. I'm proud to say that Katie Williams came in 1st place in the "Bearded runner" category -- easily beating out Phil Hausmann and Joe O'Connor. She also took 1st place in the "Fastest runner in Jorts" category; we hope more denim-clad runners will enter next year! Her running partner, April Grogan, also ran in beard and jorts, and took 2nd place in the Jorts

category. She humbly slowed her roll up to accommodate Ellen Reyerson, who after a lackluster training season, had to walk up the Lakewood Hill -- halfway up, it was decided that Ellen would redshirt the run and hope for a better time next year. There were some great performances in the women's categories -- longtime resident Stacy Reid made a reappearance finishing second in the 45+ category, with Ruth Conniff coming in hot at first place with a time of 23:45. Holy smokes! Now where was Matt Reid? Calling out Casey Davenport too; you've been notably absent for at least the past 3 years -- time to reprise your role as the bronzed blonde who cuts the finish line tape! And wouldn't you like to see Police Chief Tanner Nystrom in this race -- word is that he has all village staff enrolled in a burpee-intensive exercise program! Now for the rest of you -- please plan to run in next year's 5K -- what do we have to do to get you to come down and run the 5k? Mimosas? Bloody Mary bar? We'll bring the bagels back! We owe a big, big thank you to the Masciopinto family for their hard work in event planning 5K -- you could parlay this into a family business, no?

Next up was the parade and fest. Boy oh boy, did we have fun! Our parade participants followed our village trucks down Lakewood Boulevard all the way to Johnson Park, where we kicked off our Fest on the 4th! Cochairs Mary Cullen, Sarah Pelleter, and Lee Wainwright did a bang-up job -- we had a magician,

a balloon artist, face painting, and of course the dunk tank! Fire Chief Kris Loy exceeded the amazing day and kept the excitement high all afternoon! Our hardworking firefighters put on an amazing barbecue and raised much needed funds for their Firefighter's Association. We are so grateful you gave up time on your holiday to help us out! Now, not only did the firefighters have to cook, we also made them compete in a tug-of-war contest against Upper Bluff -- who beat out Lower Bluff in the first round. Upper Bluff handily won against Lower Bluff, despite the coaching of hunky gardener Casey Davenport and the brute strength of all 4 Hussin men. Even Mary Cullen's mom took to the rope this year -- but despite all this talent, they could not defeat the Upper Bluff team. The Upper Bluff team, stacked with Maggie Johnson and Lindsay Campbell AND Mary Cullen wearing a dress -- won this close contest. Upon closer inspection of event photos, it is apparent that there was at least one unsanctioned participant on UB team (a Westsider -- how could you!) and so -- the victory is under official review.

Summer Recap (continued)

Next up was the Annual Upper Bluff vs. Lower bluff softball game, and it was one for the ages! Birth certificates and property tax records were checked prior to the first pitch and there is no contention that any of these players were sandbaggers. After all, not many people would choose to play ball in the desert-like field conditions in 90-degree heat. After a liquid pregame warm-up with Coach Ed Jaeger, Upper Bluff (UB) came out of the gates ready to battle. They grabbed an early 3-0 lead while Lower Bluff (LB) couldn't get out of their own way and threw the ball all over the field. To be fair, LB was reeling from a no-show appearance from former college ball player Jason Potter, who didn't finish his honey-do list in time for the game. Come on, Potter! LB Coach Dan O'Brien, dismayed at the debacle unfolding in the parched turf, sat his team down for a mid-inning butt chewing on the mound -- and -- it seemed to light some sparklers under their feet! Finally, in the 6th inning, LB's bats came alive and UB began tripping over their cleats. Jason Smith clobbered Phil Hausmann at 3rd base with the ball -- outta there! LB was finally able to grab a big lead and got 8 guys across home plate (miraculously, with no torn ACL's). UB attempted a comeback but could not keep their focus. LB eventually cruised to victory with a final score of 8-5. Shared MVP awards went to Jeff

Haupt and Mario DeLuca, who were both disappointed to learn that their wives did not want to wear their game-winning jerseys to work the next day, like we would have done back in high school. Pleasing our team doctors (Jeff Masciopinto, Brian Grogan, and Seth Williams) was the most impressive statistic of the afternoon...0 injuries, and therefore the need for 0 curbside consultations about middle aged men pulling a hammy. It was a true Fest on the 4th miracle. As the 9th inning wrapped up, both Upper Bluff players and the skies began to shed tears -- and all the ball players were drenched in a downpour! Thankfully, no one had to watch George Cullen and Erik Hausmann doing the ugly cry for long. Special thanks to players on both teams for ensuring that the keg was drained -- made for an easy return!

Lastly, we rounded out the magical day with fabulous fireworks at Beach Park! Thanks to Platte River Fireworks for adding sparkle to our special day, and to our brave firefighters for manning the beer truck and being on hand to make sure none of the dry weeds lighted on fire. Thank you to our hard-working village staff and volunteers who helped host this amazing line up of events! We're so grateful!

Citizens' Public Safety Sub-Committee Formed

This spring, the Village of Maple Bluff Board of Trustees approved the creation of the Citizens' Public Safety Sub-Committee, which advises the police committee and other committees as appropriate about opportunities to make our village a safer place for all residents. If you have concerns, suggestions, or want to learn more about how to improve security and deter crime in our neighborhood, please attend one of our upcoming meetings. Meeting times and locations are published in the village update emails and newsletters.

Committee members talked to a Maple Bluff security expert Jeffrey Beckmann (owner of J&K Security Solutions) recently to discuss what village residents can do to make sure their homes are secure and not an attractive target for property crime or theft. Mr. Beckmann shared the following tips and reminders:

- Install outdoor lighting, especially at points of entry like doors and garages. Many options can automate to a dusk to dawn, or you can opt for motion sensor triggered lights. Pro tip: warm white LED bulbs can save you money compared to the cooler options.
- Doorbell and point-of-entry cameras
- Deadbolts on doors
- Do not leave any valuables in sight in your home or car.
- If you go out of town, consider using timers on indoor lights at random intervals (not patterns) and be sure to have your mail held at the US Post Office.
- Signage about your security system
- Get to know your neighbors and watch out for each other!

We look forward to offering more helpful information and updates in the coming weeks, especially as school begins again.

We want *you* to help *shape the future* of the Village of Maple Bluff!

Maple Bluff is beginning a process to update its zoning ordinance. The zoning ordinance divides Maple Bluff into different zoning districts, lists allowable land uses, and includes standards for exterior building and lot changes. **The Village wants to make sure that the updated zoning ordinance reflects the vision and values of Village residents and property owners, and that's where you can help.**

Please take the Village's community survey by August 27th. You can access a digital version of the survey in different ways, including typing <https://www.surveymonkey.com/r/STHBKXG> into your Web browser, pointing the camera on your smartphone or tablet to this QR Code and then clicking on the link that appears.

Or you can get a hard copy version of the survey by emailing Info@villageofmaplebluff.com, calling 608-244-3048, or by stopping by the Village Hall during normal business hours.

Please help spread the word on this survey and stay involved as we move forward in the process over the next several months. You should be hearing more from us, or you can visit the Village's web page for more information. <https://villageofmaplebluff.com/zoning-ordinance-update/>

Parks and Recreation

By: Curt Erickson, Recreation Director/Deputy Treasurer

Beach House, Dailey Cabin, and Gym Rentals

There is a growing trend with rentals at our facilities; the desire to have amplified noise/music. **As a reminder, Village Ordinance 192.7.1 prohibits the use of amplified noise between the hours of 9:00pm - 7:00am in public parks.** This information is also included on the rental form. Be courteous to your fellow neighbors and abide by this ordinance when renting our facilities. If you are a neighbor to the park and amplified noise has exceeded these times, please contact the Dane County Non-Emergency Number at 255-2345 which will gather important information and relay to the Maple Bluff Police Department to address the noise complaint.

The Beach House has been reserved on the following dates as of writing this newsletter article, August 5, 13, 31, September 3, 8, 9, 23, October 5 and 6.

Beach House Tennis Courts

No tennis or pickleball can be played on the courts before 7am and after 9pm. If people are waiting to play, try to limit your use to an hour to allow others to enjoy the courts. Please check the Village's calendar before playing to make sure they are available for open play and not reserved for exclusive use.

Beach House Staffed Hours

The Lifeguard staff will end summer employment mid-August as they head back to school. The Beach House will be locked once staff have ended employment and will be available via the key fob program. If you're planning on swimming or entering the water, know the signs of blue-green algae and if present keep yourself and your pets out of the water. Blue-green algae blooms occur throughout the summer in Lake Mendota. The water can appear green or blue and has a distinct smell. When in doubt, please exercise caution, stay out and keep your pets from entering the water. Public Health Madison-Dane County will continue to test the water quality for E.Coli until Labor Day weekend, but blue-green algae can appear within a few hours. For more information and test results visit: <https://www.publichealthmdc.com/environmental-health/beaches-lakes-pools/blue-green-algae-precautions>

Seasonal Staff Update

Thank you to all the Big Buddies and Camp Counselors who dedicated a portion of their summer at Camp-Ya-Gotta-Wanna. This wonderful, playground program would not be possible without all your help. Make sure to mark your calendars and apply early in 2024 for the Camp Counselor positions!

Parks and Recreation (continued)

By: Curt Erickson, Recreation Director/Deputy Treasurer

YEL! Junior Basketball

Wednesdays 10/18 - 11/15
Time: 4:45p - 5:45p
Village Center Gym
Fee: \$65.00
Ages: 5 - 7

YEL! courses emphasis basic skills development in dribbling, shooting, passing, sportsmanship, and teamwork. This development program will play weekly games at each class.

YEL! Junior Soccer

Wednesdays 9/13 - 10/11
Time: 4:45p - 5:45p
Beach Park
Fee: \$65.00
Ages: 5 - 9
Instructor: YEL! Instructors

Get outside and get kickin' with our fast-paced, inclusive Junior Soccer course! YEL! teaches players new skills each class, practices those skills in kid-friendly games, and then encourages students to use those skills in introductory soccer games. We focus on the fundamentals of dribbling, passing, trapping, and shooting.

Fall Music Together

Tuesdays, 9/12 - 11/14
Time: 9:00am - 9:45am
Time: 10:00am - 10:45am
Dailey Cabin/Firemen's Park
Fee: \$170.00
Ages: 0 - 5 years old
Instructor: Susan Cramer

Each Music Together class is an active music making experience designed to teach the way young children learn through play with the ones they love! In this mixed-age class, each child participates at their own level through singing, moving, chanting, listening, watching, and exploring musical instruments. Classes provide a variety of adult-child activities that are engaging and developmentally appropriate and offer new ways to play musically at home.

The featured instrument is Maracas. Families will receive a beautifully illustrated songbook, a CD with the songs, and a code to access music online for each session. Spring morning classes will be held outside when the weather permits.

Music Together: Jingle Jam

Tuesdays, 11/28 - 12/12
Time: 9:00am - 9:45am
Time: 10:00am - 10:45am
Dailey Cabin/Firemen's Park
Fee: \$60.00
Ages: 0 - 5 years old
Instructor: Susan Cramer

Each Music Together class is an active music making experience designed to teach the way young children learn through play with the ones they love! In this mixed-age class, each child participates at their own level through singing, moving, chanting, listening, watching, and exploring musical instruments. The featured instrument is Maracas. Families will receive a beautifully illustrated songbook, a CD with the songs, and a code to access music online for each session. Spring morning classes will be held outside when the weather permits.

YEL! Fencing

Thursdays 10/5 - 11/16
Time: 4:45p - 5:45p
Dailey Cabin
Fee: \$101
Ages: 8 - 14

This Olympic sport will teach fencers new skills in each class, practice those skills in kid-friendly games, and then encourage students to use those skills in fencing bouts. All equipment will be provided.

PreK & K Soccer

Tuesdays 10/17 - 11/14
Time: 4:45p - 5:45p
Village Center Gym
Fee: \$65.00
Ages: 4 - 6

Get outside and get kickin' with our fast-paced, inclusive Junior Soccer course! YEL! teaches players new skills each class, practices those skills in kid-friendly games, and then encourages students to use those skills in introductory soccer games. We focus on the fundamentals of dribbling, passing, trapping, and shooting.

Parks and Recreation (continued)

By: Curt Erickson, Recreation Director/Deputy Treasurer

YEL! Mad Scientists

Wednesday 10/4 - 11/8

Time: 4:30p - 6:00p

Dailey Cabin

Fee: \$134.00

Ages: 7 - 12

You'll do some amazing science in each class. Make and take home a lava lamp, hover disc, explosive volcano, and of course slime. Use all these experiments to explore and discover scientific methods. All experiments are physical experiments, not chemical.

Flag Football

***Volunteer coaches are needed for these programs and teams**

3rd & 4th Grade Traveling Team

Fee: \$90.00

Location of practices: Johnson Park

Time: TBD

This is a 4th grade level traveling team; however, due to the limited number of 4th graders in Maple Bluff, we will be combining with 3rd graders to field a team. This is a traveling team that will play communities around Dane County in a 7-week schedule. Games will be played on Saturdays, with home games played at Johnson Park. All players will receive an NFL Replica Jersey. Practices will start in August with a specific day and date TBD dependent on coach availability.

5th & 6th Grade Traveling Team

Fee: \$90.00

Location of practices: Johnson Park

Time: TBD

The specific grade level for this team will be determined following registration. This is a traveling team that will play communities around Dane County in a 7-week schedule. Games will be played on Saturdays, with home games played at Johnson Park. All players will receive an NFL Replica Jersey. Practices will start in August with a specific day and date TBD dependent on coach availability.

7th & 8th Grade Traveling Team

Fee: \$90.00

Location of practices: Johnson Park

Time: TBD

This is a traveling team that will play communities around Dane County in a 7-week schedule. Games will be played on Saturdays, with home games played at Johnson Park. All players will receive an NFL Replica Jersey. Practices will start in August with a specific day and date TBD dependent on coach availability.
